

EMAIL INFORMATION

Parents: please realize that we use *EMAIL* as our main form of communication. Throughout the year, you will be receiving notices of upcoming events, our monthly newsletter “NEWS AND NOTES”, any calendar changes, letters from the administrators, etc. etc. etc.!!! It is vitally important that we have not only current addresses and phone numbers but all email addresses as well.

If you have moved or changed email addresses since you applied or re-enrolled, please call the school office at 619-440-1531 and make sure that your information is updated in our system.

DIRECTORY AUTHORIZATION

Each year we print a school-wide directory. This year we will be printing a District-wide directory of school families, as well as activating the directory option in RenWeb. Email addresses will not be included in the printed directory, but will be available on RenWeb.

It is important to us that your information is kept private. RenWeb requires a log-on, so this information is only available to members of our school family with RenWeb access.

Please indicate your preference to be included or excluded from both, sign the form, and return it with your registration materials at registration on August 4th/5th.

Detach and return:
